MRS. J. AARON ROSS
121 West Main
American Fork, Utah

Dear Dr. Green:

It was a disappointment to miss you. I had gone only to the grocery store and was here within 10 or 15 minutes after you left.

Have you contacted Mrs. Zella Blakkley, Heber. She was raised at Elkhorn. I had her oldest son in school the year I was there. Three years ago I met Fay Lee who was also raised there. Mrs. Blakkley may be able to tell you his address.

I was there only one winter and then went to Midway. After talking to Elsie Dee Adams, I looked in my scrap book and have a picture of the pupils I had that winter. Also one of the front of the old Murdock power plant.

There is not much in my mind that seems relevant to a history but your questions may bring more to my memory. If you would like to call again I will be happy to talk with you. If you let me know, I will certainly be at home. My phone number is 756 - 3935. Occasionally I go to Salt Lake for a few days but otherwise am home most of the time.

Sincerely yours

Jelva Birth Ross

Mrs. J. Aaron Ross
